

The Miner.

Local Intelligence.

A PARTY of eight or ten men arrived in Prescott, from Montana late last week.

QUARTZ ROCK SALOON.—Fred Williams has withdrawn from all connection with this institution. Wm. Felend has taken his place. It is now run by Felend and Machett. Felend is a good man; his partner is ditto, and we cannot but wish them success.

LARGE MAIL.—The mail which left here last Saturday morning, was a crowder. Postmaster Barnard informs us that it contained nearly 600 letters, and we know it contained 400 papers. Who says our people are not right on the write. We will venture the assertion that there is not in the United States another village of the same size of Prescott that patronizes the P. O. Department as well.

COL. YOUNG and command left for home—Camp Willows—Sunday last. Hope the Colonel and his men will get even with the red-skins soon.

The escort that left here with the Surveying party, some time since, got back to Fort Whipple Tuesday last. They report the streams awful high.

We learn that Major Glendelin has applied for leave of absence.

A WAGON, loaded with Monte bacon, arrived in Prescott, from Hardyville, Friday last. The Bacon was purchased by B. Hussey, and is for sale at Henderson & Co.'s.

DEED BETWEEN TWO MEXICANS.—While absent at the Sterling on Wednesday last, quite a novel deed took place between two Mexicans, in the woods back of E. J. Cook's dwelling-house, west side of Granite Creek. It appears from what we learn, that a Prescott Mexican, and a Mexican who lately arrived here from La Paz had been playing Tie-Tie, Con-can, or some other game, and got into a dispute about the ownership of a certain horse. The usual amount of slang and incivile epithets were passed from one to the other, until their Spanish blood boiled fiercely, and until the La Paz Mexican told our Mexican he had to fight or die. This brought matters to a focus, and they commenced arranging preliminaries for the combat. The La Paz gentleman, wishing to make the Plaza historical, wanted to "cook his antagonist's goose" there, but the Prescott had too much respect for his fellow-citizens and the good name of his beautiful Prescott to agree to this. So, alone, without seconds and without an M. D., they crossed the Rubicon (Granite Creek), entered the dark canopy of the pines, drew their weapons, fired and missed each other. At this, the Prescott man jumped behind a tree. His antagonist followed suit; more taunts and epithets were passed; and the firing was kept up until another Mexican, who heard it, rushed up and tried to persuade them to desist. He might have succeeded, were it not for the fact that neither of them would consent to leave his intrenchments and expose himself to his enemy's fire. Seeing this, the peace-maker started on the run for another Mexican. As soon as he was gone, the duellists, having emptied their pistols, set to work, re-loaded them and commenced shooting at each other's trees. Pretty soon, however, the peace-maker returned with another Mexican. The pistols were taken from the belligerents, who were led off in different directions by their more sensible countrymen, and thus the matter rests. An eyewitness, who watched the novel combat from a safe retreat, said the strategy displayed by the duellists was, to say the least, worthy of praise. They shot wildly, dodged scientifically, and were careful not to expose their person's to each other after the first fire. As none of the officers knew of the matter, until after it was ended, the parties were not arrested.

SALE OF HORSE AND LOU.—Wednesday last, N. B. Bowers purchased from E. J. Cook, his frame dwelling on the west side of Granite Creek, opposite Prescott, for the sum of \$4,000, gold. The house is one of the neatest and most comfortable dwellings in Central Arizona.

MAJOR CLENDENIN.—Captain E. D. Baker, C. C. Bean, E. J. Cook and others, started Thursday morning, for the Lower Agua Frio, on a hunting and fishing excursion.

MOUNTAIN RANCH.—On our way to the Sterling, we stopped at this beautiful and productive spot, which is situated high up in the Sierra Prieta—four and a-half miles from Prescott and about one and a-half miles from the Sterling mine. Its owners, Messrs. Johnson & Zimmerman, have made many good improvements since we visited it last summer. They keep some eight or ten men constantly employed making shingles, cutting cord-wood, etc. They have fenced about fifty acres of good arable land, and built several houses. They raised last year splendid crops of corn, Irish potatoes, onions, etc.

PIONEER BUTCHER SHOP.—Messrs. Hathaway & Leamon have re-opened the Pioneer butcher shop, on Granite street, and are prepared to furnish the people of town and country with good fat beef.

ACCIDENT TO A BOY.—Wednesday last, as Buckman, son of J. J. Buckman was riding home from Prescott, the mule upon which he rode became unmanageable, threw the boy and broke one of his legs. Dr. McCandless was sent for, went over and set the little fellow's leg.

TURK WHITE PINE.—The White Pine mine, near Wickenburg, in this county, is looming into importance. According to tests recently made of the ore, by Reese & Krause, of Wickenburg, for B. Hussey and P. Richardson, who design working the mine, it yields as follows, to the ton:

By Fire Assay—gold, \$87.20; silver, \$18.95; Total, \$106.25. When smelted, it produced, lead 25 per cent; silver, \$16.30; gold, \$75.28.

Not So.—A short time ago we published a rumor derived from a private letter from La Paz, Yuma county, to the effect that the Tax Collector of that county was a defaulter. This is not so, as we learn by letter from Peter Doll. The Collector's Deputy was behind, but the Collector came forward and settled the matter.

WASHINGTON'S BIRTHDAY.—Monday next will be the 137th anniversary of the birth of the great and good George Washington. It is a day that, in our opinion, should be held sacred by all who revere the memory of the departed hero, statesman, and champion of liberty. The people of Arizona should not let the day pass without some demonstration in honor of the event.

COLES BARNFORD, Delegate in Congress from this Territory, has forwarded us a volume of Agricultural Reports, for which he will please accept our thanks.

KING COTTON bids fair to resume the scepter so ruthlessly taken from him by American fanatics in the interest of Johnny Bull. Despite the evils under which the South has labored, it is stated that during the past year, her people have raised 2,700,000 bales of cotton.

The name of Lincoln College, Kansas, has been changed to Washburn College.

The Chicago Advance in view of the tumultuous scenes at the recent army banquet in that city, ventures to suggest "water to drink and women to help drink it, as a feature of future programmes for army reunions." Bunk! Who ever heard of heroes celebrating past deeds of valor on water. The idea is preposterous. What, fire the Northern heart with Chicago water!

The New York Sun's Washington correspondent says: "It is well known by all of General Grant's friends that he is, and has been at all times, in favor of removing from office every Democrat whom he finds in place; and in talking to his friends he speaks freely of 'Copperheads' and rebels, and never conceals his dislike for them." Poor, narrow-minded man. Wonder he doesn't apply for a divorce and quit using Democratic money.

The soldier who is said to have killed a Mexican at Fort Yuma, California, a short time ago, is to be tried soon for the offence at San Diego.

Wood sells at \$2.50 per donkey load at White Pine.

The negro chaplain of the carpet-bag legislature of Tennessee is named Satchell.

C. H. WEBB, of New York city, has invented a "dead certain" machine for adding up columns of figures.

BORN.
In La Paz, Yuma county, Arizona, January 26, to Mrs. PETER DOLL, a son.

An Immense Emigration.

An immense emigration will pour down into the Southern States with the restoration of peace. Thousands of Southern refugees, from all the towns and cities of the North, will return home; thousands of Northern soldiers will move in the same direction, and settle in the closest bonds of union, among their Southern brethren; and, in obedience to the laws of demand and supply, thousands of Northern farmers, mechanics, and laborers, will swell the mighty volume for the re-populating and re-building the waste places of "the sunny South." In anticipation of this great diversion of the tide of emigration, and from the increasing demands upon them, the proprietors of

HOTSTETTER'S CELEBRATED STOMACH BITTERS.

are putting up additional thousands of boxes of their universally popular tonic and alterative.

We have the testimony of soldiers, sailors, travelers, trappers, miners, emigrants, refugees, farmers and planters, North and South, "a cloud of witnesses," that as a safe and reliable remedial agent, and as a protection against all the complaints incident to exposure, privations, changes of climate, diet, water, and habits of life, HOTSTETTER'S BITTERS, used as directed, are worth their weight in gold, North or South.—[Communicated.]

It is also proper to state that the Bitters are sold exclusively in glass, and never under any circumstances by the gallon or the barrel. Impositors and imitators are abroad, and the only safeguard the public has against them is to see that the Bitters they buy have the engraved label and note of hand of Messrs. Hostetter & Smith, and our proprietary stamp over the cork of the bottle.

Notice to Settle.

All persons indebted to A. G. Dunn are requested to come forward and square accounts.
